## PRADHAN, STALIN LOCK HORNS OVER CENTRAL FUNDS, NEP Vrinda Tulsian

#### letters@hindustantimes.com

**NEW DELHI:** Healthy competition among states is always welcome in a democracy, Union education minister Dharmendra Pradhan said on Monday, accusing Tamil Nadu chief minister MK Stalin of trying to pit states against each other to make a point about nonimplementation of the National Education Policy (NEP) 2020.

Pradhan's comments came in response to the chief minister's allegations that the best performing states were being denied funds by the Union government under the Samagra Shiksha Abhiyan (SSA) for refusing to implement NEP. Stalin also accused the Centre of "rewarding" states that failed to meet educational objectives.

"Denying funds to the best-performing states for refusing to bow to the #NEP, while generously rewarding those who are not delivering on the objectives — Is this how the Union BJP Government plans to promote quality education and equity? I leave it to the wisdom of our nation and our people to decide!" Stalin said on  $\hat{X}$ .

The DMK chief also shared a newspaper report that pointed out that the Centre has withheld SSA funds to at least five Oppositionruled states, including Tamil Nadu, over the past year.

Responding to Stalin's post. Pradhan wrote on X: "Healthy competition amongst the states is always welcome in a democracy. However, pitting states against each other to make a point. goes against the spirit of the Constitution and the value of a unified India." He defended NEP 2020, saving the policy was "formulated through wide range of consultations and has the collective wisdom of the people of India"

NEW DELHI: Union road transport and highways minister Nitin Gadkari said automakers that are not manufacturing electric vehicles will pay the price and will be forced to make the shift due to the competitive

nature of the market. "Presently, they (fossil fuelbased automakers) have got good sales... but they don't want to change... But they will face the cost," Gadkari said at a convention for automotive component makers in the national capital on Monday. The minister added that mar-

ket forces will compel the reluctant auto companies to diversify their portfolios. "This is the time that you have to change... The people

who are going to accept the best

technology in the world, costsaving fuel technology in the world, creating less pollution and having reasonably good cost, they already have a good future," Gadkari said. "The market is full of demand. The survival of the fittest is the law. Those who can understand and those who are ready to change. they can get good performance, good orders, and good support

from people." He added consumers will buy vehicles that are affordable, and

automakers will have to fall in with the demands of the market. On automobile companies starting their green transitions late. Gadkari said they would lose market share once they decide to enter the EV market. Among Indian automakers. Tata Motors has a significant presence in the EV market with multiple models. Companies such as market leader Maruti Suzuki and Mahindra & Mahin-

> dra have focussed on mild and strong hybrid vehicles. About 1.6 million EVs were

sold in India in FY24, of which 90,432 — or 5.4% — were fourwheelers, according to data on the website of the Society of Manufacturers of Electric Vehicles. Gadkari reiterated his stance made last week that EVs no longer need to be subsidised

battery storage manufacturers enter the market, the prices of EV batteries would fall and the vehicle itself would become more affordable, making it a more attractive choice for consumers.

fied that he was "not against" fossil fuel-powered vehicles. Gadkari also said India needs

a substitute for imported fuel that is indigenous, pollutionfree, and cost-effective.
