vi. Institutional set-up for liquidity risk management

The Board of Directors of the Company has constituted the Asset Liability Management Committee (ALCO) and the Risk Management Committee. The Board has the overall responsibility for management of liquidity risk. The Board decides the strategy, policies, and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits approved by it. The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating and monitoring the integrated risk management system of the Company including liquidity risk. The ALCO is responsible for ensuring adherence to the liquidity risk tolerance/limits set out in the Board approved Asset Liability Management (ALM) policy. The role of the ALCO with respect to liquidity risk includes, inter alia, decision on desired maturity profile for assets & liabilities, responsibilities, and controls for managing liquidity risk and overseeing the liquidity position of the Company. The ALM Policy is reviewed periodically to realign the same pursuant to any regulatory changes or business needs and approved by the RMC and the Board.

Management regularly reviews the position of cash and cash equivalents by aligning the same with the projected maturity of financial assets and financial liabilities, economic environment, liquidity position in the financial market, anticipated pipeline of future borrowing & future liabilities and threshold of minimum liquidity defined in the ALM policy with additional liquidity buffers as management overlay.
