# Poll-bound Guj, HP take different inflation paths

INDIVIAL DHASMANA  
New Delhi, 27 October

## A COSTLY AFFAIR

CPI inflation (% YoY)

inflation rate was much higher in Gujarat than that of the national level in both these months.

Himachal had higher inflation at 6.47 per cent than the national average at 6.07 per cent in February, but the trend changed since then. So much so that the

rate stood at below five per cent in July, August and September against over six per cent at all-India level. The rate stood at the Reserve Bank of India's upper tolerance band of six per cent for the ninth month in a row in September. In Gujarat too, the inflation rate remained over six per cent in these months, except for January. However, Himachal had an inflation rate below six per cent from May onwards or for five consecutive months till September.

The inflation rate has been higher in rural parts of the country than in urban areas for the first nine months of the current calendar year except for May. In May, urban and rural areas had the same rate at 7.08 per cent.

Gujarat also had higher inflation in villages than in urban parts in most of these months. The only exceptions were May and June. Rural areas of Gujarat had the rate at 7.30 per cent against 7.50 per cent in May. The next month too, rural areas saw an inflation rate at 7.45 per cent compared to 7.51 per cent in urban areas.

On the other hand, it was urban areas which saw higher inflation rates than rural areas had in most months of the first nine months of the current financial year. This was the case March onwards. For instance, the rate stood at just 4.24 per cent in rural areas of Himachal, which was 151 basis points lower than 5.76 per cent in urban areas in September.

# Hate speech: Azam Khan gets 3-yr jail

PRESS TRUST OF INDIA  
Bareilly (UP), 27 October

qualified for another six years after serving time in jail.

Samajwadi Party leader Azam Khan was on Thursday convicted in a 2019 hate speech case and sent to three years in jail, and faces disqualification from the Uttar Pradesh Assembly.

The MP/MLA court in Rampur also granted bail to the MLA in that case, a government lawyer said.

The Representation of the People Act says that anyone sentenced to imprisonment of two years or more shall be disqualified "from the date of such conviction" and remain dis-

The Speaker can start the disqualification proceedings either suo motu or after receiving an application on this. The court also imposed a fine of ₹6,000 on the Rampur MLA, advocate Ajay Tiwari said.

The case was registered against Khan in Rampur in April 2019 for levelling serious allegations against administrative officials posted in Rampur and Prime Minister Narendra Modi and Uttar Pradesh Chief Minister Yogi Adityanath during an election meeting.

The Special MP/MLA court of Rampur found Khan guilty

under Sections 153-A (inciting religious feelings), 505-A (giving false statement intended to create feelings of enmity, hatred or animosity between

different communities) of the Indian Penal Code (IPC) and Section 125 (promoting animosity between different classes in connection with elections) of the Representation of the People Act. The court sentenced him to three years imprisonment and imposed a fine of ₹6,000 on him, government advocate Ajay Tiwari said.

During the 2019 Lok Sabha elections, Khan was booked for making inflammatory speeches while addressing a public meeting in Khatanagaria village of Milak Kotwalia area.

The video of Khan's statement also went viral.

# Ethanol economy reaches ₹12,000 cr

VIRENDRA SINGH RAWAT  
Lucknow, 27 October

Uttar Pradesh, one of India's leading sugarcane and ethanol producers, crossed the ₹12,000 crore mark in the ethanol economy.

Besides, the state's ethanol capacity is pegged at 2 billion litres per annum, up nearly eight times from 240 million litres per annum five years ago. "The state's ethanol capacity is expected to touch 2.25 billion litres per annum in the next couple of years," UP Additional Chief Secretary (sugar industry and sugarcane development) Sanjay Bhoosreddy told *Business Standard*.

He said private sector distilleries had invested almost ₹7,500 crore to upgrade the state's composite ethanol capacity over the past five years.

The Yogi Adityanath government is trying to integrate the sugarcane crop with lucrative ethanol value chain in order to provide fair prices to the farmers and protect the

sector from the cyclical nature of the sugar market. "In the current 2022-23 sugarcane crushing season, five private mills will directly manufacture ethanol from sugarcane juice without producing sugar. Besides, 71 other mills will produce ethanol from b-heavy molasses," Bhoosreddy said.

Meanwhile, the state's sugarcane area is estimated to surge by 3 per cent or 84,000 hectares to more than 2.85 million hectares, while the sugarcane production is estimated at 234.8 million tonnes (MT) in the current season.

A total of 120 sugar mills — 93 private units, 24 cooperative units, and three UP State Sugar Corporation units — will par-

ticipate in the current sugarcane season.

"We are expecting sugar production to touch 11 MT after deducting around 1.5 MT of sugar equivalent to sugarcane diversion towards ethanol," Bhoosreddy added.

UP and Maharashtra together account for around 60 per cent of the country's annual sugarcane output. While Uttar Pradesh has topped the sugar production chart for many years, Maharashtra has taken the lead in the past couple of years due to higher sugarcane diversion for ethanol production in UP.

Besides, UP leads in ethanol-blended fuel ratio owing to ready availability and robust logistics supply chain.

More than 4.5 million rural households are associated with the UP sugarcane sector, which includes sugar, ethanol, molasses, power cogeneration, jaggery, khandsari (unrefined sugar), etc, in its byproduct portfolio. The consolidated annual sugarcane economy is worth nearly ₹50,000 crore in UP.

## RAJASTHAN

# Crackdown on black marketing of fertilisers

ANIL SHARMA  
Jaipur, 27 October

The Rajasthan government is taking action to prevent black marketing of fertilisers and keep a check on illegal sale of fertilisers, a senior official said. Agriculture Commissioner Kana Ram said teams formed to check illegal activities at the level of agriculture commissionerate had been sent to districts.

The teams in September and October have suspended 11 licences, seized 11 shops, cancelled one licence, and registered first information reports against seven people. The commissioner said a state-level control room had been set up to prevent black marketing and illegal selling of fertilisers, urea, and DAP.

He said fertilisers were being made available to farmers as per their demand for the rabi crops. So far in October, 167,000 metric tonnes of urea and 109,000 metric tonnes of DAP have been supplied.

# Survey to explore minerals at 25 sites

R KRISHNA DAS  
Raipur, 27 October

The Chhattisgarh government has approved 25 potential sites where surveys will be conducted to explore deposits of diamond, gold, and other minerals in the current financial year (2022-23), a senior official with the mining department said.

The sites were finalised at a recently concluded meeting of Chhattisgarh State Geological Programming Board. Besides six sites of limestone, surveys would be taken up at 14 places with potential iron ore deposits. One site each of potential gold, copper, graphite, bauxite, and moissanite would be taken up for the

initial study, the official said. Once the preliminary exploration is completed, the advanced exploration work with modern technology would be taken up.

Endowed with rich minerals, the Chhattisgarh government has decided to accelerate the exploration work that could generate additional revenue for the state. In the financial year 2021-22, Chhattisgarh has earned ₹12,305 crore from the mining revenue. The amount, which is 29 times the revenue recorded during the state's inception in November 2000, will further enhance with the operation of more mines.

The state government officials said prospecting work had almost completed

in three limestone mines located in Champa-Janjgir district. The three mines include Hirmi, Karhi-Chandi-Khapharadih and Dhabadih. The officials said the combined reserve of all the three limestone mines was over 2,000 million tonnes (MT). The state would soon float tender and auction the limestone mines.

As of now, Chhattisgarh has identified over 100 potential mineral blocks on the basis of exploration taken up by government agencies.

The state had issued tender inviting notices for 40 mineral blocks of minerals like gold, iron ore, limestone, and bauxite. Of it, as many as 15 blocks have been successfully auctioned.
